

"YOU SAY YOU WANT A **REVOLUTION?**"

CATALYST™

Catalyst—the spark that fuses light and video. Combining the flexibility of video with the control of DMX-512, Catalyst creates dynamic multi-media visual effects and revolutionary orbital movement.

magazine

WHOLEHOG® III

A fast ethernet network using internet-compatible protocol is the backbone of this revolutionary lighting control system—the latest in the line of award-winning Hog consoles. The intuitive interface has all of the Wholehog II functionality but with many enhancements including large, adjustable-view touchscreens.

HANDSHAKE™

A lighting controller in the palm of your hand. Use your Palm® Organizer to address, program and playback fixtures. Automatically play back your show. This is as easy as it gets.

WINNER:

Best Lighting Controller—
New Products Showcase,
Lightfair, 2001

C-16

Discover the power of color in light. Brand new in the **ATMOSPHERES™** architectural product line, this affordable, easy to use, MR-16 based luminaire turns white light into outta-site light. With C-16, program gentle morphing or hi-energy color changes to suit any mood.

WINNER:

Architectural Lighting
Product of the Year—
Honorable Mention,
LDI 2001
